Music throughout

Bank of America logo with white background

“Please see important information at the end of this video.” Text on-screen

Consumer branding fades off-screen.

And, the following phrases animate on-screen running both left and right.

“Health Savings Account”

“Tax advantages”

“Investment option”

Then, “Health Savings Account” animates to “HSA”

“Paying for out-of-pocket costs”

“Annual rollover”

Narrator Script: A Health Savings Account, or HSA, provides many financial benefits.

Graphic:

Talk bubble animates on-screen with the text “Question?” inside

Then, the Red Flagscape animates full screen with “How do *you* HSA?” text on-screen

Red Flagscape fades out

Narrator Script: So, the question is.... How do *you* HSA? Let’s hear from James.

Graphic:

Lifestyle video of James teaching his teenage daughter how to drive comes on-screen with the text “James’ story” this text animates to “Trying to keep up”

James Script: How do I HSA? (emotion)... I’m a single dad who is seriously trying to keep up with my teenager.

Graphic:

Lifestyle video continues to play, but the on-screen text animates to “Juggling expenses”

James Script: Between school, volleyball practice and dance lessons, I’m always juggling my time *and* my expenses.

Graphic:

Lifestyle video continues to play, but the on-screen text animates to “Healthy” and “Check-ups”

Lifestyle video starts to run in the background as a talk bubble animates on-screen with a Prescription icon and the text “Doctor visit”

James Script: Thankfully we’re pretty healthy and rarely go to the doctor. Usually just annual check-ups and the occasional visit during cold and flu season.

Graphic:

Lifestyle video continues to run in the background as the text in the talk bubble animates the Health Shield icon and the text “Braces”

James Script: But this year, I needed to plan for one big expense...braces. (pause)

Graphic:

Lifestyle video stops and the new text “Expenses” and the text “Out of pocket” underneath “Expenses” with a Wallet icon to the right comes on-screen

The on-screen icon and text animate to a Nest Egg icon and the text “HSA in retirement” to the right

James Script: I have an HSA, but usually try to pay for medical expenses out of pocket when I can, so I can save my HSA for health care costs when I retire.

Graphic:

Three Question Mark icons animate on-screen with the text “Health benefit options” underneath and then animates to a Lightbulb icon with the text “+ LPFSA” and “Limited Purpose Flexible Spending Account” underneath

James Script: When I was looking at my health benefit options, I decided to add a Limited Purpose Flexible Spending Account.

Graphic:

The text “Pre-tax” animates on-screen with a Checkmark icon to the right
Then, the new text “Dental” animates on-screen with a Wallet icon to the right

James Script: It allows me to put aside pre-tax money to pay for dental or vision expenses.

Graphic:

A Debit Card Icon animates on-screen with the following numbers and text to the right:
“\$6,000”
“- \$2,750 LPFSA” with a line under showing how much James can pay for with his LPFSA
“\$3,250”
Then, the on-screen text animates to a Thumbs Up icon, “Health Savings Account” text and the number “\$3,250” to show how much James is using from his HSA for his daughter’s braces

James Script: The braces will cost about \$6,000, so I’m maximizing my annual LPFSA contribution to pay for a portion, then I’ll pay for what’s left over from my HSA.

Graphic:

Then, “January 1” and “Funds available” underneath animate on-screen with a Calendar icon to the right
Lifestyle video of James teaching his teenage daughter how to drive comes back on-screen with the text “Sooner than later”

James Script: And, since the funds in my LPFSA are available at the beginning of the year, we've already scheduled her appointment... because I know she'll want to get them off sooner than later.

Graphic:

Lifestyle video of James teaching his teenage daughter how to drive starts to run in the background

Then, a talk bubble comes on-screen with the following text inside:

"Goal: Optimize my HSA + LPFSA"

Lifestyle video of James teaching his teenage daughter how to drive animates into the talk bubble with the text on-screen "Health Savings Account"

Narrator Script: However *you* choose to HSA, saving for health care now and in the future is *your* decision.

Graphic:

Bank of America logo with a white background

"healthaccounts.bankofamerica.com" text on-screen

Narrator Script: Learn more about how you can benefit from an HSA. Visit healthaccounts.bankofamerica.com

Disclosures:

Please be aware that opening a Health FSA could disqualify you from subsequently establishing a Health Savings Account (HSA). However, your employer may sponsor a “limited reimbursement” Health FSA that would not disqualify you from establishing an HSA. Contact your tax advisor or employer for more information. Bank of America acts solely as claims administrator performing administrative tasks pursuant to an agreement with, and at the direction of, the employer. Bank of America does not sponsor or maintain the Health FSA, and does not provide tax, legal or accounting advice.

About Tax Benefits: You can receive tax-free distributions from your HSA to pay or be reimbursed for qualified medical expenses you incur after you establish the HSA. If you receive distributions for other reasons, the amount you withdraw will be subject to income tax and may be subject to an additional 20% tax. Any interest or earnings on the assets in the account are tax-free. You may be able to claim a tax deduction for contributions you, or someone other than your employer, make to your HSA. Certain limits may apply to employees who are considered highly compensated key employees. Bank of America recommends you contact qualified tax or legal counsel before establishing an HSA.

Real Life Scenario # 3 — Rob (**Active Family**)

Transcript FINAL 5/4/20

“Please see important information at the end of this video.” Text on-screen

Consumer branding fades off-screen.

And, the following phrases animate on-screen running both left and right.

“Health Savings Account”

“Tax advantages”

“Investment option”

Then, “Health Savings Account” animates to “HSA”

“Paying for out-of-pocket costs”

“Annual rollover”

Narrator Script: A Health Savings Account, or HSA, provides many financial benefits.

Graphic:

Then, the Red Flagscape animates full screen with “How do you HSA?” text on-screen

Red Flagscape fades out

Narrator Script: So, the question is.... How do you HSA? Let’s hear from Rob.

Graphic:

Lifestyle video of Rob, his family and dog playing outside in their front yard with the text

“Rob’s story” comes on-screen

Rob Script: How do I HSA? (thoughtfully)...

Graphic:

Lifestyle video of Rob, his family and dog playing outside in their front yard continues to play with the new text “Active family” on-screen

Rob Script: Well, between my wife, our two daughters and me, our HSA gets a workout.

Graphic:

Lifestyle video of Rob, his family and dog playing outside in their front yard continues to play with the new text “Doctor visits” and then the text animates to “Urgent care” on-screen

Rob Script: Our girls are young, so we have our share of doctor visits each year. And hours of sports and other activities can mean the occasional trip to urgent care.

Graphic:

Lifestyle video of Rob, his family and dog playing outside in their front yard begins to play in the background while the talk bubble comes on-screen with the Health Shield icon and the text "Traditional health plan" inside

Rob Script: That's why, until recently, we've always chosen a traditional health insurance plan.

Graphic:

The numbers "\$800 x12" come on-screen to show their annual premium with the text "Traditional plan premiums" underneath

The numbers animate to "=\$9,600" to show their total annual premium with the text "annual premium"

A talk bubble comes on-screen with the text "HDHP + HSA" inside

Rob Script: When we started looking at ways to cut costs, like our annual premium, we realized that a High Deductible Health Plan with an HSA could help.

Graphic:

Cash icons fall behind the numbers "\$450 x 12" with the text "Monthly savings" underneath

A Piggy Bank icon with the number "\$5,400" comes on-screen to show their annual savings with the text "Health Savings Account" underneath

Rob Script: By changing plans, we're saving \$450 a month on our health insurance premiums and then putting that amount into an HSA to save for our deductible.

Graphic:

The mathematical example "\$5,400 - \$3,000" comes on-screen to show their yearly expenses with animating Debit Card icons to the right and the text "Out-of-pocket expenses" underneath

The example goes off-screen and the text "HSA" with a talk bubble above and the number "\$2,400" inside comes on-screen

Rob Script: So, even if we spend \$3,000 for out-of-pocket expenses, we'll still have \$2,400 saved into our HSA at the end of the year...which keeps more money in our pocket.

Graphic:

The talk bubble animates to show an Investing graph inside with the text "Start investing" underneath

The talk bubble and text go off-screen and the Nest Egg icon with the text "Future" to the right comes on-screen

Rob Script: And, we can start investing our HSA into mutual funds to give our account potential to grow for the future.

Graphic:

Lifestyle video of Rob, his family and dog playing outside in their front yard comes back

on-screen with the text “Cover expenses”
The text “Cover expenses” animates to “Retirement”

Rob Script: If we stay on track, we should be able to cover our out-of-pocket expenses now while also putting money away to help with health care expenses when we retire.

Graphic:

Lifestyle video of Rob, his family and dog playing outside in their front yard plays in the background and the talk bubble comes on-screen with the text “Goal: More money in our pocket” inside

The lifestyle video of Rob, his family and dog playing outside in their front yard animates into the talk bubble with the text “Health Savings Account” underneath

Narrator Script: However *you* choose to HSA, saving for health care now and in the future is *your* decision.
