HEALTH & BENEFIT ACCOUNTS

More buying power with the Health Flexible Spending Account (Health FSA)

About the Health FSA

A Health FSA1 allows you to use pre-tax dollars to pay for qualified medical, dental and vision expenses for you and your qualified dependents. Sponsored by your employer, you can make pre-tax payroll contributions to your Health FSA, giving you more buying power for your dollar.

How it works

- Set your contribution amount for the year during open enrollment.
- An equal portion of this amount will be deducted on a pre-tax basis from each paycheck throughout the year.
- Your total contribution amount is available on the first day of coverage, so you can start using your Health FSA for qualified health care expenses immediately.

How Nancy uses her Health FSA to pay for minor surgery

Expenses you can pay with your FSA

- Copayments, coinsurance and deductibles
- Medical expenses, including certain over-the-counter medicines and drugs and menstrual care products
- Preventative dental care, orthodontia, eyeglasses, contact lenses and laser eye surgery
- Acupuncture and chiropractic services

View IRS Publication 502 for a complete list of qualified expenses, and be sure to check for subsequent legislative updates.

Up to $3,050

Contribution limit per employee

Check your employer’s plan document for details as not all plans start at the beginning of the calendar year.
Three ways to pay with a Health FSA

1. Pay with your Bank of America Health and Benefit Visa® debit card at the time of purchase, or when your provider sends a bill.
2. Pay a provider directly from the member website or the MyHealth mobile app.
3. Pay out-of-pocket and then reimburse yourself on the member website or the MyHealth mobile app.

Calculate your tax savings

Use the FSA calculator to help you determine the amount of money you may need to cover medical, dental, vision and prescription expenses for the year. You can also use the calculator to see your estimated tax savings based on your annual contribution amount.

Tips to help you use this benefit

$ Save your receipts

As this is a tax-advantaged plan, the IRS requires you to provide proof that an expense is qualified. You may receive a notification instructing you to submit receipts for a claim.

Use the Receipt Organizer

Quickly upload an electronic copy of any health care receipt using the MyHealth mobile app. You can easily access your receipts any time you need to provide documentation to verify an expense.

Order additional cards

You can order additional cards for any tax dependent age 18 or over. This can be really helpful when you have children in college.

3 Health FSA plans may be amended to permit a maximum of $610 of unused amounts remaining at the end of a plan year to be carried forward to the subsequent plan year OR they may allow for a 2½ month grace period. Employers who so choose may only offer one of the available options: either the carry forward OR the 2½ month grace period. It is not permissible to have both provisions in the plan for a given year. Employers may also choose to offer neither option, so you should check with your employer if you have any questions. Expenses must be submitted by March 31 of the following year.
