What is a Lifestyle Spending Account (LSA)?

An LSA is a benefit funded by your employer to cover specific personal expenses to help support your everyday needs and well-being.

An exciting benefit to support your way of life

Your employer is making your lifestyle a priority by providing the opportunity to participate in an LSA, a perk that goes above and beyond traditional benefits. Your employer designates a list of eligible products and services designed to help you meet the challenges of everyday life and stay on track with your goals.
